## Chemical Peels

At Just Enhance, we use Mesoestetic chemical peels which offer some world leading treatments. There are a vast range of peels available which treat differing skin complaints. Please book in for a consultation with our expert practitioner who can advise further.

Prices are per individual peel and all peels are followed by a soothing face mask. The prices include our anti-stress face mask (30 mins treatment time), alternatively you can upgrade to our crystal fibre mask (45 mins treatment time) for just £10 extra.

### Glycolic Acid –

The glycolic range is described as intensive care for your skin. This anti-aging treatment helps to reduce wrinkles and expression lines. The peel will also nourish and hydrate the skin.

20% – £45    35% – £50    50% – £60    70% – £100

### Lactic Acid –

The lactic acid peel stimulates new collagen and elastin fibre formation. This peel is ideal for treatment of fine lines and wrinkles and skin photo-aging.

30% – £45    40% – £50    50% – £80

### Salicylic Acid –

Salicylic acid is an exfoliating peel, ideal for combating whiteheads. This peel will clean the pores and smooth the skin surface.

10% – £45    20% – £50    30% – £80

### Mandelic Acid –

The mandelic peel is a great exfoliating peel. Mandelic acid targets oily acne prone skin. It contains antiseborrheic properties for reduced oil production.

30% – £50    40% – £60    50% – £100

### Trichloroacetic (TCA) –

Mesopeel TCA is a highly effective treatment against slight to moderate photoaging, wrinkles, actinic and seborrheic keratosis, pigmentary discoloration, acne and acneic scars. The peel will increase facial luminosity and recover skin texture and general skin tone.

15% – £150

### Melanostop – £80

Melanostop has been especially formulated to treat most forms of hyperpigmentation including sun damage, age spots/liver spots.

### Azelan – £95

With anti-fungal and comedolytic properties azelan is perfect treatment in all phases of acne.

### Modified Jessner – £75

Modified jessner is a combination of three acids which together achieve recovery of lost skin tone, texture and luminosity.

Mesoesthetics retail a range of products that should be started 15 days before the peel. This is in order to optimise results and protect your skin.

Pre-peel packs are tailored to your skin complaints and are available for acne, anti-aging or depigmentation. Products can be purchased individually or in a special value pack.

As a minimum it is recommended to apply the Brightening Peel Booster or the Resurfacing Peel Booster nightly to the skin 15 days prior to the peel to prepare the skin.
